

Lumens School

Playgroup to std. 12 CBSE

Unique and Career-focussed Offering for Grade 11

1. Science Stream (Page 2 to 36)
2. Commerce Stream (Page 37 to 66)
3. Liberal Arts Stream (Page 67 to 80)

Lumens School

Playgroup to std. 12 CBSE

Unique and Career-focussed Offering for Grade 11

Science Stream

Lumens – Unique Offering

- Quadseek teaching methodology with practical learning clears concepts.
- Excellent Faculty who is experienced in coaching for JEE/NEET
- No wasting time running between School and coaching classes
- To create genuine competition amongst students of schools across India by open advertising for chapter-wise and full syllabus online exams.
- Time for self-study and practice- We will complete all teaching for CBSE board as well as JEE/NEET from 8.30am to 2.30am from Monday to Friday.
- Faculty Contact Class (FCC) – Practice and doubt solving- two hours everyday after school by the same faculty who teach in school. If children prefer self-study and can give tests without coming to FCC, they may study at home.
- Concise and thoroughly researched notes saves time for students
- Children remain safe in school environment, away from phone and other distractions.
- Regular sports during school hours to boost mental health, thereby improving concentration and overall well being. Canteen provides three nutritious meals to provide them the energy

Subjects Offered

- English Core
- Physics
- Chemistry
- Mathematics/Biology
- Information Technology/Psychology

Reality of Coaching Classes

- Coaching centres trap students by offering minimum 30% discount on test. Test is purposely kept very tough. Parents are told that their child has done well and hence he/she is offered discount while the child is made to feel that he/she has lot to learn. Parents are told to pay within a couple of days to avail discount.
- Fees for two years are collected over first four months, 1st Month - 50%, 2nd month-25% and so on. Once fees are collected, they are non-refundable.
- Until the fees are collected, picture is very rosy. Students are told that they need to come only for 3 days a week and very simple topics are covered. Once fees come in, number of days increase and syllabus is rushed through and students cannot cope up.
- They indulge in false marketing, advertising performance of students who are not from their centres.

MYTH v/s REALITY

- **Myth** : Coaching centers have good study material.
- **Reality**: All coaching centers use same study material with little and insignificant difference. It is all available openly.
- All coaching centers provide a lot of books, test series and notes but too much material can be overwhelming, leading stress and failure rather than improvement.

MYTH v/s REALITY

- **Myth** : Coaching centers provide good competition
- **Reality**: Competition is unreal and often ends up demotivating students.

Competition is not real. Exams at coaching institutes are given on benches with 3 to 4 students on a bench where children are allowed to copy. Online exams have earlier students logged in and hence is easier to copy. Parents remain in dark until end. Sincere students feel demotivated thinking they are left behind in the race.

Students who keep improving their own attempt over two years are the ones who generally score well. It is more about improving your own attempt rather than competition

MYTH v/s REALITY

- **Myth** : 12th Board exam practice and syllabus is covered by Coaching classes
- **Reality**: Students are not given any practice for board exams in coaching classes.
- 75% minimum is required in CBSE 12th boards for JEE. Current year papers were tough for students because CBSE board pattern has changed.
- Students are doing well neither in board exams, nor in JEE/NEET and hence are left with very few options.

MYTH v/s REALITY

- **Myth** : Coaching classes provide one to one mentorship and doubt solving classes
- **Reality:** A large percentage of children start dropping out because they can't cope up. If child doesn't attend classes, child will be called for counselling as a process but coaching pattern continues. Parent will keep getting calls from different people until they say that child is not interested.
- There is frequent rolling of teachers. Hence child gets confused.
- Children tend to wander outside the classes and parents are unaware
- There are no specific doubt solving sessions. Students have to wait for faculty after classes.

MYTH v/s REALITY

- **Myth** : Different brands of coaching classes have different owners
- **Reality**: Different brands often have the same set of owners and same set of investors. For e.g, one of the largest brands closed down and another of their brand is telling students that they have no relation with that brand. There is a rift between major shareholders who are looking for exit.
- They indulge in influential marketing with t-shirts, bags, etc. carrying names of the brand to make parents feel that everyone is going for the same brand.

SCIENCE (PCM)

What is JEE?

JEE Main- Paper 1 www.jeemain.nic.in Time: 3 Hours Timing : Multiple Dates and Slots Mode: Computer Based	Maths Physics Chemistry Total Questions	25 Questions 25 Questions 25 Questions 75 Questions	100 Marks 100 Marks 100 Marks	Forms Out: Sep. & Feb. What is JEE?

- **JEE Main:**

- This is the first stage and serves as a qualifying exam for JEE Advanced.
- It's a computer-based test (CBT).
- It covers Physics, Chemistry, and Mathematics.
- It consists of multiple-choice questions (MCQs) and numerical value questions.
- It also gives entry to NITs, IIITs and other government funded technical institutions.

- **JEE Advanced:**

- This is the second stage, and only those who qualify in JEE Main are eligible to take it.
- It's also a CBT.
- It also covers Physics, Chemistry, and Mathematics, but at a more advanced level.
- It is designed to test the conceptual clarity and problem-solving abilities of the candidates.
- This exam is the only entry way to the IIT's.

MYTH v/s REALITY

- **Myth** : Career options with science stream is only limited to IIT and MBBS.
- **Reality:**
 - JEE mains are applicable in all engineering courses and most other engineering colleges in India and across the world.
 - NEET marks are applicable in various courses like BAMS, BHMS, BUMS, BVSC etc.

Test Date: Mid April Negative Marking : 0.25 Total Marks: 120 Forms Available: Online</p>

Comparison of Question Levels – CBSE v/s JEE

- **CBSE Board Level:**

Question:- *A convex lens of focal length 20 cm is used to form an image of an object placed 30 cm away from it. Calculate the position and nature of the image formed.*

- **JEE Level (Extended Concept & Application-Based):**

Question:- *A convex lens of focal length 20 cm is placed 30 cm away from an object. A concave mirror of focal length 15 cm is placed 50 cm behind the lens. Find the final position of the image formed by the mirror.*

This question extends the board syllabus concept by integrating multiple optical elements, requiring a deeper conceptual understanding and multi-step problem-solving

Preparation Key Points

- **Extensive Syllabus:**

- Syllabus is vast but entirely based on Grade 11 and 12 syllabus concepts.

- **Conceptual Depth:**

- JEE exams emphasize conceptual understanding rather than rote memorization.
- School is supposed to cover concepts of NCERT and coaching classes are expected to cater to application of concepts and speed of problem solving. Both these do not work in sync which causes difficulty and undue pressure for students.

- **Maintaining Consistency:**

- Consistent study over a long period is essential and maintaining that level of consistency can be difficult.

- **Choosing the right study material:**

- With the sheer amount of study material available, it can be hard to know what is the best resources to use.
- With vast amount of material available, time gets wasted

Why Lumens?

- Teaching faculty with experience in appearing and teaching Board and JEE successfully
- We understand importance of time and stress management and have planned schedule accordingly
- Same faculty will prepare for board and JEE helping student clear concepts and JEE preparation better
- Unlike classes, main faculty will help in problem solving and doubts during practice
- Board and JEE syllabus will be go together spread over years so conceptual understanding and JEE preparation will go together
- Regular revision and mock tests planned well to help student prepare for both
- We provide a curated collection of study materials designed to help students excel in these exams

Top International Universities Accepting JEE

Singapore

- **National University of Singapore (NUS)** – JEE scores considered alongside other qualifications.
- **Nanyang Technological University (NTU)** – Accepts JEE scores, especially for engineering programs.

United Kingdom

- **Queen's University Belfast (QUB)** – Considers JEE (Main/Advanced) alongside Std. XII results.
- **Other Universities:** University of Stirling, Glasgow Caledonian University, University of Bristol.

Germany

- **Technical Universities** – TU Berlin, TU Munich, RWTH Aachen are top choices for engineering aspirants.

Graduation Courses Other Than Engineering with PCM

- **B.Sc. (Physics, Chemistry, Mathematics, Data Science, Statistics)**
- **Integrated M.Sc. in IITs and IISERs**
- **BCA (Bachelor of Computer Applications)**
- **Actuarial Science**
- **Architecture (B. Arch through JEE Paper 2/NATA)**
- **Commercial Pilot Training**
- **NDA (National Defense Academy)**
- **Other technical and analytical fields**

SCIENCE (PCB)

Introduction

‘Our world is built on biology and once we begin to understand it, it then becomes a technology’

Topics covered in Biology in NEET

- 1) DIVERSITY IN THE REAL WORLD
- 2) STRUCTURAL ORGANISATION IN ANIMALS AND PLANTS
- 3) CELL STRUCTURE AND FUNCTION
- 4) PLANT PHYSIOLOGY
- 5) HUMAN PHYSIOLOGY
- 6) REPRODUCTION
- 7) GENETICS AND EVOLUTION
- 8) REPRODUCTION
- 9) GENETICS AND EVOLUTION
- 10) BIOLOGY AND HUMAN WELFARE
- 11) BIOTECHNOLOGY AND ITS APPLICATIONS
- 12) ECOLOGY AND ENVIRONMENT

Latest updated NEET exam pattern

2025: NEET Exam Pattern 2025 Overview

Exam Name	National Eligibility cum Entrance Test (NEET)
Conducting Body	National Testing Agency
Mode of the examination	Pen-Paper Mode
Duration of the exam	3 hours (Updated)
Total Questions	180 questions from NEET 2025 (Before 200 questions)
Total Marks	720 Marks
Question Type	MCQs
Marking Scheme	<ul style="list-style-type: none">• +4 marks for each correct answer• -1 for each incorrect answer
NEET Languages	13 (English, Hindi, Assamese, Bengali, Gujarati, Marathi, Tamil, Telugu, Oriya, Malayalam, Kannada, Punjabi and Urdu)
Official website	neet.nta.nic.in

Our Plan: Mastering NEET & Boards Together

- **Dual Approach in Teaching** – Each topic is discussed from **both NEET & Board** perspectives.
 - **Exam-Oriented Training**
 - **School Exams** – Prepare students for board exams.
 - **Evening Tests** – Focused NEET entrance exam practice.
- **Comprehensive Preparation** – Covers both **NEET & Board Exams** within school hours, plus **evening Faculty Contact** classes for doubt solving and practice (5 times a week).
 - **Aligned Syllabus** – Same topics for **NEET & Boards**, but with different focus:
 - **NEET** – Core concepts & factual understanding (**MCQs**).
 - **Boards** – Broader topic comprehension (**MCQs & Subjective questions**).
- **High-Quality Study Material**
 - **School Notes & NCERTs** – Strong foundation for all subjects.
 - **NEET MCQ Sheets & OMR Practice** – Simulate real exam conditions with accurate **timing & marking**.

Goal: Best Results with Structured & Effective Preparation!

Opportunity with PCB, other than MBBS

Besides MBBS, a PCB (Physics, Chemistry, Biology) background opens doors to various other career paths, including fields like **Biotechnology, Forensic Science, Pharmacy, Veterinary Science, Research and more.**

- Here's a breakdown of some alternative career options:

RESEARCH SCIENTIST

Lumens School

Playgroup to std. 12 CBSE

Unique and Career-focussed Offering for Grade 11

COMMERCE STREAM

Lumens Integrated Program

Focus on NCERT Syllabus

- Emphasis on fundamental concepts and practical application through Quadseek.

Entrance Preparation:

- Special coaching integrated into daily school timetable to clear concepts.
- Entrance Exam studies spaced out over two years as compared to few months offered by classes
- Practitioners (CA, CS faculty) teaching core subjects which makes it application oriented and inspirational.

School Hours:

- **Timings:** 8:30 AM - 2:30 PM (Monday to Friday). Two Saturdays a month working.
- Regular tests to track progress.

Why Lumens?

- Our School curriculum aligns with entrance exams of professional degree courses like CA / CS / CMA. Syllabus of these entrance exams overlaps with entrance exams of most courses and colleges.
- Most schools do not align syllabus with entrance exams due to which students are forced to join coaching centers after 12th.
- Coaching for CA Foundation/CS/CMA at coaching centers is typically done after 12th Board Exams, from April to July, for four months, ten hours a day for 600 hours. CA Foundation Attempt is usually in September which makes entry to most good colleges difficult.
- Large number of Students, stop pursuing CA/CS/CMS, which are the most coveted and most lucrative course for Commerce Students.
- Comprehensive coverage from Grade 11 will give a head start to Lumens Students on competitive entrance exam preparation. Our students will aim to give the May attempt of CA Foundation after Grade 12 so that they are prepared to join any college after 12th.
- Faculty is well equipped with concise notes and innovative teaching tools which makes it effortless for students.
- We promote experiential learning by giving practical training in Accounting Software, Industrial Visit etc.
- Regular sports during school hours will boost mental health, thereby improving concentration and overall wellbeing. Canteen provides three nutritious meal.

Harsh Reality

- Students take Commerce because they don't like Science and don't know about Arts.
- Students take Commerce because they think it is easy
- Students often don't go with a plan to make career out of the stream selected.
- Students give up on CA, CS and CMA thinking it is tough

Career Options in Commerce

PILLARS OF INDIAN ECONOMY

CA

THE INSTITUTE OF CHARTERED ACCOUNTANTS OF
INDIA
[SET UP BY AN ACT OF PARLIAMENT]

CS

THE INSTITUTE OF
Company Secretaries of India
भारतीय कम्पनी सचिव संस्थान
IN PURSUIT OF PROFESSIONAL EXCELLENCE
Statutory body under an Act of Parliament

CMA

The Institute of Cost Accountants of India
(Statutory body under an Act of Parliament)

Choosing the Right Course (CA / CS / CMA)

- They are governed by an ACT setup by Parliament.
- They takes same time duration to complete, i.e. approx. 4 to 4.5 years.
- Their Exams are conducted at ALL INDIA LEVEL.
- ALL are Self Study / Distance Learning Course.
- All the courses are free from Quota based merit system.
- All have least education expense
- Include industry experience

Why CA?

- CA is a highest Professional Degree of Commerce stream equivalent to Doctor in Science stream.
- CAs enjoy a high reputation in society and are often seen as experts in their field.
- CAs are more versatile with ample scope in varied fields.
- CAs are regulator of Audit and Assurance function.
- CA course is Financially rewarding with average pay to freshers is Rs. 10-15 LPA.
- CA is considered as secure profession with stable career path.
- CA course is great learning at minimal cost.
- CA can easily be completed along with graduation.

Course Content

PROGRESSION OF SKILLS	
CA Foundation	Based on 11 th and 12th
CA Intermediate	Fundamental Commerce Knowledge
2 yrs of Internship	Full Practical Knowledge
CA FINAL – Professional Knowledge	

Course Duration

Total Duration - 3.5 years

3 years

+

2 years / 3 years

**After 12th
Standard**

**Bachelor's
Degree**

MBA

LLB

Total Investment and ROI

CA Foundation Syllabus

- Accounts – 100 marks
- Business Laws – 100 marks
- Quantitative Aptitude – 100 marks
- Business Economics – 100 marks

A CA can serve in all possible avenues of Commerce

What if a Student can't finish the CA Course?

- ICAI awards **Business Accounting Associate (BAA) Certificate**, on completion of CA Foundation, CA Inter and 2 Years of Internship.
- Starting package of BAA is Rs. 4.50 LPA to Rs. 6.00 LPA.
- Candidate can even start his own consultancy in the field of Book Keeping, Income Tax, GST, Management Services.
- Syllabus till M.Com is just 30% of syllabus covered in CA Foundation and Intermediate (in just 1.5 years.)

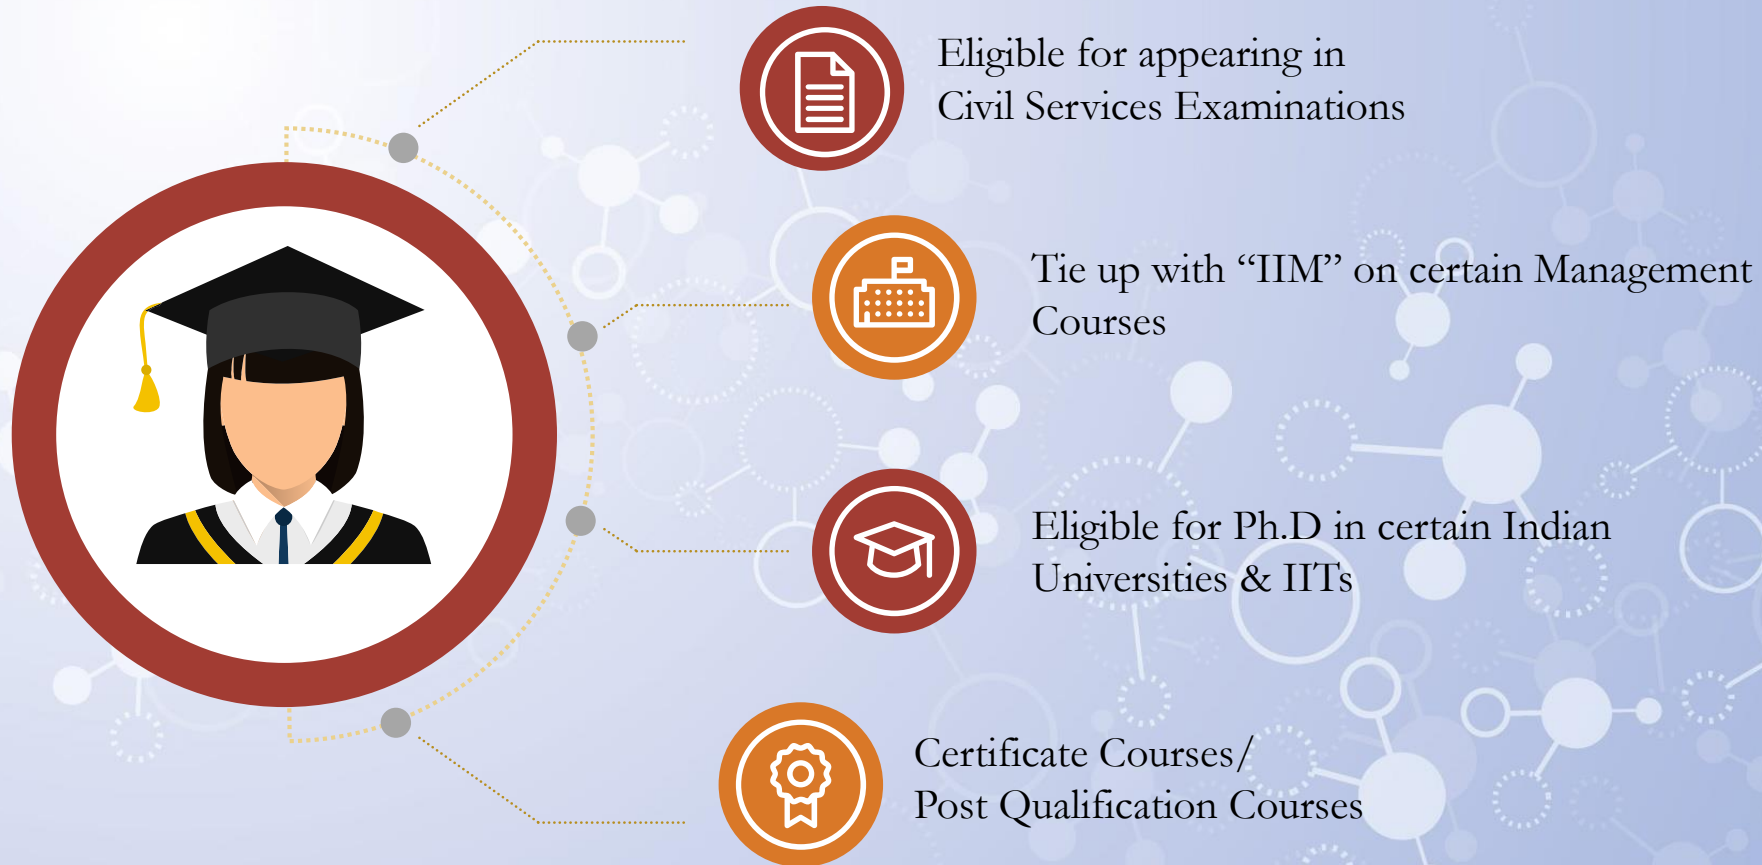

Campus Placement Programme - A Bird's Eye view

TOP 10 MAJOR SECTORS DURING CAMPUS PLACEMENT IN FEBRUARY- MARCH 2024

BANKING	MANUFACTURING SECTOR
FINANCIAL SERVICES	CHARTERED ACCOUNTANCY FIRMS
NBFC & INSURANCE COS.	CONSULTANCY / ADVISORY
INFORMATION TECHNOLOGY- SOFTWARE	MSME & STARTUPS
TELECOMMUNICATION	AGRO INDUSTRIES

Additional Features

CS

Career Opportunities for Company Secretary

- Legal, Secretarial and Corporate Governance
- Corporate Restructuring
- Foreign Collaborations and Joint Ventures
- Arbitration and Conciliation
- Capital Market and Investor Relations
- Due Diligence
- Corporate Advisory Services
- SEBI Act, SCRA and regulations made there under Depositories Act, 1996
- Pre-certification of e-forms
- Secretarial Audit
- Company Liquidators
- Financial Market Services

CS EET Syllabus

- Business Communication – 50 marks
- Legal Aptitude & Logical Reasoning – 50 marks
- Economic & Business Environment – 50 marks
- Current Affairs, Presentation and Quantitative Aptitude – 50 marks

CMA

The Institute of Cost Accountants of India
(Statutory body under an Act of Parliament)

Career Opportunities for Cost Accountants

➤ **Audit Assignments:**

- GST / Custom Special Audit.
- Cost Audit under Companies Act, 2013
- Internal Audit / Management Audit

➤ **Certification:**

- E-Forms certification under Companies Act, 2013
- GST / Customs
- CERC
- IRDA
- RBI

CMA Foundation Syllabus

- Business Laws and Business Communication – 100 marks
- Financial and Cost Accounting – 100 marks
- Business Mathematics and Statistics – 100 marks
- Business Economics and Management – 100 marks

**50% of the CMA Foundation syllabus is in sync with
CA Foundation syllabus**

Our Plan – Boards and Entrance Exam Preparation

- Entrance exam preparation spread over Two years (11th & 12th) (as most of the entrance syllabus based on board curriculum)
- First cover the NCERT topic to clear concepts and its questions.
- Then cover Entrance exam question before moving to the next topic starting from 11th
- Rest syllabus will be taught separately.
- Prepare student for May '27 attempt, just after board so before they move on to graduation, they are ready for CA Inter.

Saves time and keep the students sharpened.

Graduation becomes easy.

- Inhouse and continuous Career counselling for
after-12th admission

Lumens School

Playgroup to std. 12 CBSE

Unique and Career-focussed Offering for Grade 11

LIBERAL ARTS

Lumens School
Playgroup to std. 12 CBSE

LIBERAL ARTS STREAM

(Humanities)

Grade 11

Why Lumens

- Lumens Liberal Arts offers a unique set of subjects that give better opportunities for 'further studies' and career as per new age trend.
- Mix of Economics and Business studies will lend Business Acumen - a key skill
- Psychology would augment the competence to apply concepts learnt here to other subjects
- To blend these all into the world of tomorrow information technology would be taught by working professionals in the field, departing from 'class-room' teaching.
- Comprehensive coverage in political Science will give a jump start to preparation for competitive exams like banks, state public service commissions, railways, administration etc.
- Course well designed for a wide spectrum of careers like Finance, Social Media, Fashion and Design, Journalism, Social Sector, etc.
- Regular sports during school hours to boost mental health, thereby improving concentration and overall well being

School Hours:

- **Timings:** 8:30 AM - 2:30 PM (Monday to Friday).
- Regular assessments and presentations.

Subjects Offered

- English Core
- Economics
- Psychology
- Business studies/Political Science/ Applied Math
- Information Technology

The MYTH of HUMANITIES as a BACK-UP PLAN

- 70% of fastest-growing careers need skills from humanities (WEF 2023)
- 85% of UPSC toppers in last decade had humanities backgrounds
- Humanities students succeed in law, business, media, governance & tech

- ASHOKA
- SYMBIOSIS
- JINDAL
- FLAME
- KREA
- PUNE UNIVERSITY

Why Psychology is a High-Growth Career

- Mental health industry in India → ₹2.4 trillion by 2030 (Deloitte 2023)
- High-paying fields: Clinical (₹8-15 LPA), Forensic (₹10-20 LPA), AI Research (₹12-30 LPA)
- Corporate demand for Industrial-Organizational Psychologists (₹12-25 LPA)

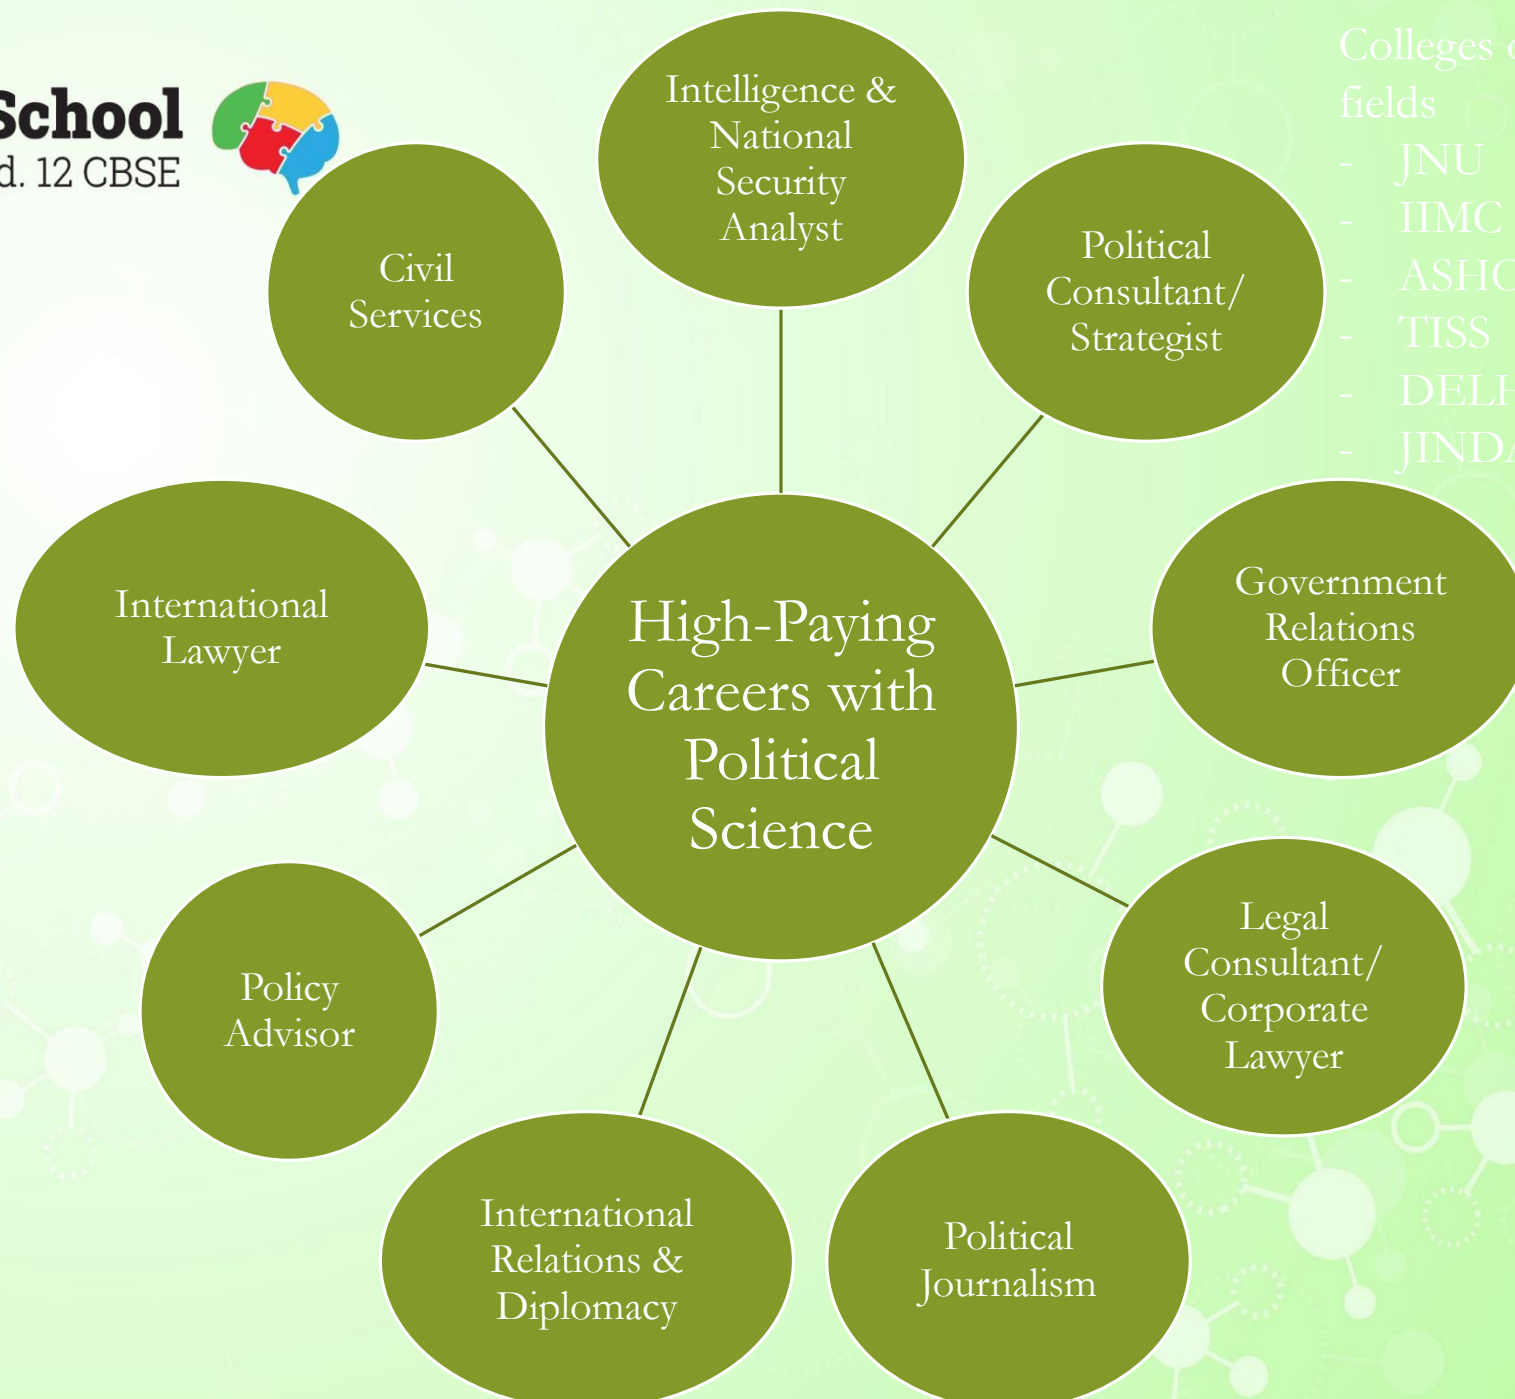

Colleges offering Psychology

- TISS
- ASHOKA
- FERGUSSON COLLEGE
- ST. XAVIER'S COLLEGE
- LADY SHRI RAM COLLEGE, DU
- CHRIST UNIVERSITY

Political Science: Beyond Politics

- Civil Services (IAS, IFS, IPS) – ₹12-20 LPA
- Law & Corporate Governance – ₹15-30 LPA
- Political Data Science & Journalism – Growing demand in tech, media & policy think tanks

Colleges offering courses for these fields

- JNU
- IIMC
- ASHOKA
- TISS
- DELHI UNIVERSITY
- JINDAL

Myth vs. Reality: Humanities Careers

- **Myth:** Humanities have fewer jobs
 - **Reality:** 70% of new-age careers require humanities skills
- **Myth:** Low salary prospects
 - **Reality:** ₹12-30 LPA in business, psychology, law
- **Myth:** Limited career paths
 - **Reality:** Humanities leads to law, governance, media, tech, and more!
