Lumens School

Playgroup to std. 12 CBSE

SCIENCE STREAM

Grade 11

Subjects Offered

Compulsory Subjects

- English Core
- Physics
- Chemistry
- Mathematics/Biology
- Information Technology

Why Lumens?

- Spending too many hours at School and coaching classes (for competitive exams) leaves very little time for self-study
- Poor results at competitive exams are often attributed to over-burdening of students by amateur and unstable staff at coaching centers
- Competitive Exams test conceptual clarity and speed, both of which require self-study, understanding and practice and for all this, students require time to themselves.
- School syllabus which covers most part of JEE/NEET syllabus, if explained with conceptual clarity and from the perspective of competitive exams, can almost guarantee results
- To deal with the above realities of life, we at Lumens, aim to complete all teaching for CBSE board as well as JEE/NEET from 8.30am to 2.30am from Monday to Friday
- Everyday two hours in the evening (either 2.30pm to 4.30pm in school) OR (4.30pm to 6.30pm at Lumens centers), based on students' preference, there will be Faculty Contact Class which will have practice and doubt solving. FCC will also be conducted on two Saturdays a week from 8.30am to 2.30pm

Why Lumens?

- All studies in school, right from Grade 11 will be geared towards competitive exams.
- FCC will be held by school's full-time faculty who are trained and experienced in NEET/JEE Coaching
- Our time-table will ensure that children will have at least four hours everyday at home for self-study and practice
- Students will save considerable time on transport. They will not be exposed to unwanted elements at coaching centers.
- Juggling tasks between board and NEET/JEE Coaching will become easier.
- Parents are rest assured their children are safe in school environment, away from phone and other distractions.
- Regular sports during school hours to boost mental health, thereby improving concentration and overall well being

Lumens Science Program

In a Nutshell

- Seamless integration: School curriculum aligns with JEE/NEET syllabus, ensuring comprehensive coverage and synchronized learning.
- Time-efficient: Comprehensive curriculum covering board and competitive exam, saves time and gives time for self study, ensuring better result.
- Cost-effective: More cost effective than separate school and coaching fees.
- Early start: Gives head start on competitive exam preparation.
- Focused environment: Dedicated and full time faculty and innovative resources specifically for JEE/NEET preparation and other competitive exams.
- Reduced stress: Less pressure from juggling school and separate coaching schedules.
- Regular sports to ensure overall well-being

Career Guidance

Career counselling for career options and after-12th admission by an expert counsellor from Mumbai, associated with the school.

COMMERCE STREAM

Grade 11

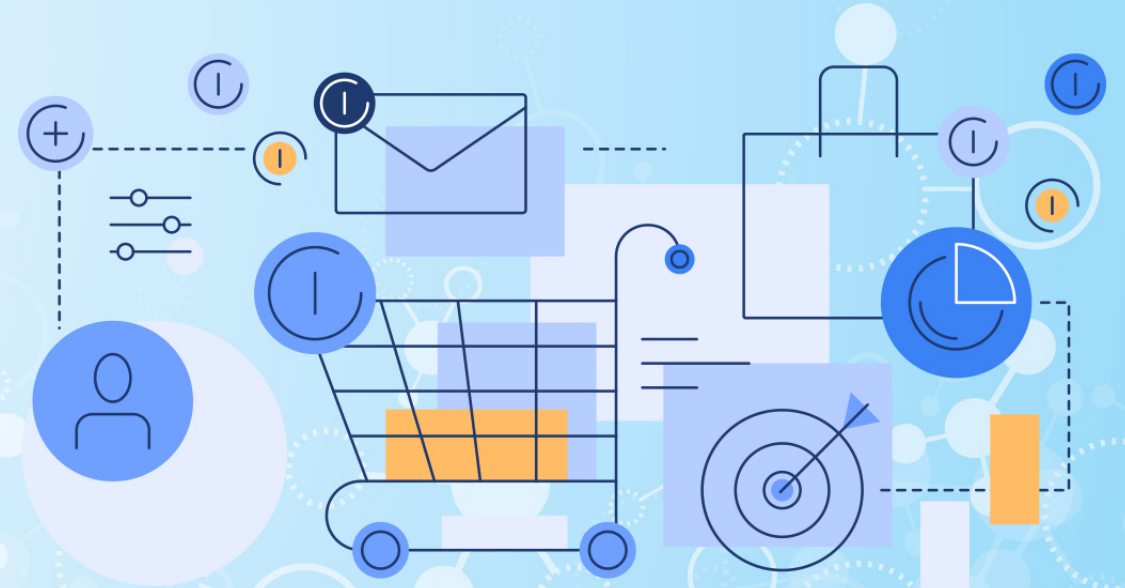

Subjects :

Compulsory Subjects for CBSE:

- English Core
- Accountancy
- Economics
- Business Studies
- Information Technology

Additional subjects for CA Foundation

- Law (a small part - only to the extent required for CA Foundation)
- QA (includes Applied Math only to the extent required for CA Foundation)

Why Lumens?

- Our School curriculum aligns with entrance exams of professional degree courses like CA / CS / CMA.
- Most schools do not align syllabus with entrance exams due to which students are forced to join coaching centers after 12th.
- Coaching for CA Foundation/CS/CMA at coaching centers is typically done after 12th Board Exams, from April to July, for four months, ten hours a day for 600 hours as a crash course. CA Foundation Attempt is usually in September which makes entry to most good colleges difficult.
- Large number of Students, after finding the crash course treacherous, stop pursuing CA, which is the most coveted and most lucrative course for Commerce Students.
- Comprehensive coverage from Grade 11 will give a head start to Lumens Students on competitive entrance exam preparation. Our students will aim to give the May attempt of CA Foundation after Grade 12 so that they are prepared to join any college after 12th.
- Faculty is well equipped with concise notes and innovative teaching tools which makes it effortless for students.
- We promote experiential learning by giving practical training in Accounting Software, Industrial Visit etc.
- Regular sports during school hours will boost mental health, thereby improving concentration and overall wellbeing

Integrated Program:

Focus on NCERT Syllabus:

- Emphasis on fundamental concepts and practical application.

CA Foundation Preparation:

- Special coaching integrated into daily school timetable to clear concepts.
- CA Foundation studies spaced out over two years as compared to crash courses offered by classes
- Practitioners (CA, CS faculty) teaching core subjects which makes it application oriented and inspirational.

School Hours:

- **Timings:** 8:30 AM - 3:30 PM (Monday to Friday). Two Saturdays a month working.
- Regular tests to track progress.

Career After 12th

- Those wanting to pursue CA will get a head start in terms of clearing CA Foundation immediately after 12th.
- Those wanting to pursue CS and CMA will be prepared for entrance exam as soon as they finish 12th boards.
- Those wanting to pursue Law, BSc Finance, BBA, Entrepreneurship, International business etc. will have conceptual clarity in Commerce and Finance Subjects which will ensure readiness for their respective entrance exams.
- School will hand-hold students for their choice of career through portfolio building and counselling by an expert counsellor from Mumbai, associated with Lumens School.
